Soft Skills:

Problem-Solving & Analytical, Thinking Effective Communication & Team, Collaboration Leadership & Project Management, Attention to Detail, Time Management & Prioritization, Adaptability & Continuous Learning

PROJECTS

- **E-commerce Platform**
Developed a scalable e-commerce platform with features including dynamic product listing, interactive shopping cart, and secure checkout. Implemented user authentication and role-based authorization, ensuring secure transactions and personalized user experiences. Optimized the application for performance, reducing load times by 20% and enhancing user satisfaction through responsive design and data-driven improvements.
- **Food Delivery App**
Designed and built a highly responsive food delivery app with real-time order tracking and location-based restaurant listings. Integrated payment gateways and order management systems, streamlining the food ordering process for users and restaurants. Developed an intuitive UI/UX that

improved user engagement, leading to a 15% increase in order placements. The app also features API integration and mobile-first design for optimal performance.

WORK EXPERIENCE

Web Developer Intern

Coding Blocks • Lucknow, Uttar Pradesh

06/2024 – 08/2024

- Developed a full-stack rental system using the MERN stack, with responsive and intuitive React interfaces.
- Integrated MongoDB for efficient data management, enhancing backend performance.
- Ensured data integrity through regular file backups.
- Collaborated on innovative design and problem-solving within a dynamic team.
- Gained experience in web development across multiple products, proficient in API integration, CSS, HTML, and JavaScript.
